

Live Webinar on

Respiratory Syncytial Virus

30 November 2022  7:00pm – 8:00pm

UPDATE ON CURRENT RESPIRATORY SYNCYTIAL VIRUS EPIDEMIOLOGICAL TREND, PROPHYLAXIS USAGE AND HEALTH OUTCOMES

Professor Bosco Paes, Canada

Bosco Paes is Professor Emeritus in the Division of Neonatology, at McMaster University, Canada. He served as the Neonatal Intensive Care Unit Director of St Joseph's Healthcare and McMaster Children's Hospital in Hamilton, Ontario. He has held conjoint positions in the Department of Family Medicine and Master of Clinical Health Sciences Program. He was the Medical Director and a pioneer of the Acute Care Nurse Practitioner Program in Neonatology in Canada. Dr. Paes has received several teaching awards and has been recognized for his academic contributions by the President at McMaster University and received the inaugural Pediatric Chairs of Canada academic award. He played a research role as a member of the Pediatric Investigators Collaborative Network on Infections in Canada and the Canadian Neonatal Network. His current research focuses on respiratory syncytial virus infection and thrombosis in children.

Chaired by Dr. Wa-keung Chiu

Vice President, Hong Kong Society of Paediatric Respiriology and Allergy
